

# ARUNPRAKASH C

## QA Engineer

📞 6382928733 @ arunprakashchinnasamy@gmail.com 🔗 linkedin.com/in/arunprakashapsh 📍 Bengaluru

### SUMMARY

Experienced QA Engineer with expertise in both manual and automation testing methodologies. Proficient in designing comprehensive test plans, executing test cases, and identifying defects to ensure high-quality software delivery. Skilled in using tools such as Selenium, Postman, and JIRA for efficient testing and bug tracking. Dedicated to continuous improvement and effective collaboration within cross-functional teams.

### EXPERIENCE

#### QA Engineer

##### Qugo

📅 04/2024 - Present 📍 Bengaluru

QUGO provides a wide range of services, including Flight Booking, Hotel Reservation and Holiday Packages.

- Developed and executed detailed test cases for front-end and back-end systems, including flight booking, approval flows, and payment processes.
- Participated in daily stand-ups and sprint planning meetings, providing insights on testing progress and potential risks.
- Conducted regression testing on newly integrated features and fixed issues, ensuring seamless user experience across the application.
- Conducted comprehensive API testing for various endpoints, ensuring functionality and performance met business requirements.
- Managed issue tracking and resolution using JIRA, assigning and monitoring bugs, and rechecking previously assigned issues to ensure timely fixes.
- Performed extensive manual and automated testing on the Android application, focusing on corporate flight booking functionalities, including one-way, round trip, and multi-city bookings.
- Developed and executed detailed test cases for critical application components, such as the corporate flight landing page, approval flows, and payment confirmation pages, ensuring thorough coverage and quality assurance.
